

Sponsorship Opportunity:

Sensory-Friendly Visit with Santa and Mrs. Claus

For the past eight years, the IDD Council, in partnership with First Methodist Mansfield, has brought joy to families through our sensory-friendly visit with Santa and Mrs. Claus. We are writing to invite you to become a vital sponsor of this cherished event.

As a \$1,000 sponsor, your organization will receive recognition on our event flyer, website, and registration page, increasing your visibility among local families and community partners. You will also have a sponsor table at Sensory Santa, to share your services and build strong community relationships.

Your generous sponsorship will directly contribute to:

-  Ensure Santa and Mrs. Claus can make their magical journey from the North Pole.
-  Providing warm refreshments and a welcoming atmosphere for families.
-  Most importantly, create joyful and inclusive memories for children and adults with intellectual and developmental disabilities (IDD) and their loved ones.

To secure your sponsorship and receive an invoice, or to learn more about this impactful opportunity, please contact Rita@IDDCouncil.org or call 682-253-5537. We look forward to partnering with you to make this year's event even more special.

Rita Stevenson
